

SHERRY **GAY-DAGNOGO**

FOR CONGRESS | 13TH DISTRICT

Friend, when I started this campaign, I was driven by memories of my students, and their hopes and dreams. From remote learning to hybrid classrooms, I know how hard these last few years have been for teachers and students. At the end of the day, it shows we need more support for teachers and students.

With your help, I'll be a Congresswoman who fights hard for our students and schools. I'm committed to making sure every student has the opportunities they need to shape their futures. Can you help me get there?

Chip in \$50

This week, I have the honor of attending several high school graduations and celebrating our young adults' wins. Even throughout a pandemic that changed the world as we knew it, these students achieved a big milestone, opening doors to opportunity in their futures.

I know improving education for all children is the key to opportunity for our families. This is how I plan to get us there:

Every child should have access to high quality early childhood education.

Every school should be a safe place for our children.

Every young person should be able to afford a quality college education or have the option of a good skilled trades program.

Do you agree, friend? If you're ready for a Congresswoman who will put our children and their education first, make a contribution to this campaign today.

Thank you,

Sherry Gay-Dagnogo
